

SCPWDC Mock Water Trial

Castaic Lake at Paradise Cove

Set-up and Practice September 13

Mock Water Trial September 14

Come practice in a real-trial environment. Friday, we will set up the trial ring and allow participants to practice. On Saturday, we will hold a mock trial run just like a real water trial. Check-in followed by briefing and trialing/judging. Each participant will be provided with their score sheet and we will have coaches available to give feedback. In the afternoon, we will have open practice. We ask that each participant be available to steward for at least one class.

Don't worry, we won't give you a job you can't handle.

Entries may be emailed and fees paid via PayPal or, you may do day-of trial entries. However, those that pre-enter will compete first followed by day-of trial entries.

If you would like to stay at the Host Hotel on Friday night, we have a room block at LaQuinta Stevenson Ranch (see premium for details). We will have a Mexican buffet on the back patio at 6pm.

Saturday lunch is available by pre-order from Panera and will be delivered to the lake.
